INT. JASMINE'S AND EMMA'S HOUSE - NIGHT

We open on a converted warehouse with open plan living, kitchen and dining area. The decor of the place is what you could expect in an interior design magazine such as VOGUE LIVING, with meticulous and trendy modern furnishing.

The front door opens and JASMINE, 22, the immaculately dressed owner with expensive taste in clothes and fashion-blog like appearance, enters along with her friends, EMMA, 23, her gorgeous blonde house mate with effortless attractive qualities, with more of a casual dress sense, and VICTOR, 23, tall with brown hair, a lean athletic figure and the perfect face.

EMMA has an attractive guy, DEAN, 26, attached to her like an octopus, kissing and feeling her up.

JASMINE

That movie was crap. I hate
American films about college
students-

JASMINE and VICTOR head toward the kitchen, VICTOR brings out some tequila and shot glasses and pours for himself and JASMINE.

EMMA and DEAN make out on the couch.

JASMINE (CONT'D)

I mean all they do is drink-

VICTOR and JASMINE both take a shot...

JASMINE (CONT'D)

Do drugs-

VICTOR starts cutting a line of cocaine on the table and takes a long sniff...

JASMINE (CONT'D)

And have sex. I mean, that's hardly
realistic.

EMMA and the GUY continue kissing whilst moving towards the bedroom.

VICTOR

(Rubbing his nose)

I know, it's pretty far fetched.
See ya guys.

EMMA responds with a sound resembling 'good night.'

VICTOR (CONT'D)

(To JASMINE)

Line?

JASMINE

Yeah thanks.

JASMINE leans over the table to have her line.

CUT TO:

INT. JASMINE'S & EMMA'S KITCHEN - MORNING

JASMINE and EMMA are having breakfast, both look tired and hung over. They have to go to university which is why they are up before noon.

JASMINE

So, did Dean spend the night?

EMMA

No, I had to kick him out, he likes to spoon afterwards.

JASMINE

That's disgusting.

EMMA

I know. When did guys all of a sudden become like women? They pay attention to you and talk to you and ask you what you're thinking. Then they share their feelings on Twitter and expect you to favourite it. I don't care about a guys feelings.

JASMINE

I don't think they realised that the feminist movement wasn't actually for them. Although any time you want to change the kinds of guys you attract, you can always meet them in person instead of on Tinder.

VICTOR comes in the front door, looking at his phone the whole time. Without looking up, he walks over to the girls in the kitchen, toward the fridge and takes out what he wants to eat. Still looking at his phone he sits down with his food at the table. JASMINE stares at him as though she is expecting some sort of acknowledgement.

JASMINE (CONT'D)

You know, if you're going to treat my place like yours, you can at least greet me and say hello.

VICTOR

(Still looking at phone)

Hey.
